ABOUT US

Education Mobility Grid (EMG) is a Germany based educational consultancy dedicated to providing cutting-edge educational solutions tailored to the needs of both individual and institutional clients.

Our mission is to empower individuals and organizations to make positive change through education.

Our aim is to provide the best educational solutions that are tailored to the needs of each student and to select academic institutions which are the “best match”, so that each student will achieve his/her potential and succeed both academically and socially.

We provide guidance for studying in Europe with a special focus on Germany and the Netherlands.
Ksenija Popac is the Co-founder and Managing Director of Education Mobility Grid (EMG). She is in charge of planning, development, implementation, review and evaluation of EMG services. She also oversees clients’ relations and manages the consultant teams network.

Ksenija has over 25 years of international experience in teaching and educational consulting. Her expertise includes university counseling, school placement consulting, teacher recruitment, management, curriculum development for IB English and History, curriculum development and implementation for Business English.

As an entrepreneur she founded and successfully managed her own language school for corporate Business English training. Prior to co-founding, EMG Ksenija held various senior educational consultant positions in which she assisted numerous corporate and private clients in making the right educational choices.

She holds a Bachelor’s degree in English Language and Literature and a Master’s in English as a Second Language. She is fluent in English, German, Dutch, Spanish and Serbian.

Ksenija is based in Düsseldorf, Germany.
REMARKABLE OPPORTUNITIES

STUDY IN GERMANY, THE NETHERLANDS OR ELSEWHERE IN EUROPE

The Top 5 Reasons WHY
1. Outstanding European education
2. English taught programs
3. No tuition fees at German public universities / Moderate fees at Dutch universities
4. Large number of international students
5. Excellent career prospects

We select universities that are the “best match”, because we want you to feel secure and confident in the entire cycle of the university life, achieve your full academic and personal potential.

We are committed to providing you with premium service, great value and excellent communication.

How University Consulting Works

We consult students in choosing the most appropriate academic and professional path for their future careers.

At the initial phase of our counseling, we perform an extensive needs analysis with the aim to understand your specific needs and priorities. Based on this analysis, we conduct research on best matching universities and provide you with comprehensive information on proposed institutions, programs, admission requirements and contact details. In this process, we will be in constant contact and will assist you with the final decision-making.
OUR FOCUS

Regional

With our proven experience and expertise, we focus on international study programs in the European region, particularly in Germany and the Netherlands. Discover Europe and its immense opportunities; intellectually exciting learning environment with high academic standards, cluster of cultures, multicultural hubs and excellent “travel & explore” possibilities.

Cultural Orientation

Life in Germany, the Netherlands or another European country can be quite different from life in your home country. We, as multicultural facilitators, will lead you through the most important aspects of Do’s and Don’ts of the host culture and the academic setting.

Unique Strategies

With our substantial knowledge and experience of the European academic climate, we will guide you through the university selection process, innovative academic programs that go beyond traditional career paths and other undiscovered opportunities, which meet your needs and help you reach your goals. We integrate responsibility and sustainability principles in every aspect of our counseling services.
Standard Package
